Welcome

Thank you for choosing Vahila Acupuncture and Massage Therapy. Please take a moment to read this page and use the suggestions to prepare for your first session.

Getting the Most From Your Therapy

Please be prompt for your appointment. It's better to be a little early than to miss part of your treatment.

Also, bring your completed case history form to your first session. We'll review it prior to your treatment.

My purpose is to help you achieve your health goals. Consider the benefits of acupuncture and/or massage most important to you.

- Stress reduction
- Chronic or acute pain & disease • Injury rehabilitation
- Peak athletic performance
- Wellness support

Your Comfort is Important

Your feedback during your treatment is valuable to me. I encourage you to express your needs regarding room environment (temperature, music, light, etc.) or the treatment (amount of pressure, type of lubricant, draping, sensitivity of acupuncture points, etc.) at any time.

Non-needle treatments are available for those who prefer to not have needles but still want the benefits of Traditional Chinese Medicine (TCM). There are many techniques that achieve the same results as acupuncture without using needles. Ask about alternatives.

About

In his first career of 20 years, Michael taught music at Malone College, the University of Akron and Mount Union College. In 1991 he began a shift to a career in the healing arts. He is a National Board Certified Acupuncturist, Licensed Massage Therapist and a Traditional Reiki Master. He has been teaching massage therapy at Stark State College since 1999 and offers advanced seminars in Auricular Therapy and Reiki.
